Office of
Environment
& Heritage

Achieve Net-Zero Emissions by 2050

NSW Climate Change Policy Framework

Between 2017 & 2022 NSW Govt. will invest \$1.2 Billion through the Climate Change Fund Strategic Plan to Help Keep Us On Track to Meet our Long-Term Objectives

Future Energy Challenge – Target 100% Renewable 2025

Supported by NSW Office of Environment Heritage - Sustainability Advantage

- **Linen Services:** 880 staff, 7 locations, 85 vehicles, 40,000 tonnes cleaned annually
- **Future Energy Challenge:** To be 100% renewable by 2025 (Aspirational)
- **Seeking Big Ideas:** Enable pathways to transition to renewal energy

Linen Services – Future Energy Challenge (Current Timetable – Next Steps)

- **Future Energy Challenge – Open to All**
Approach: HealthShare NSW and/or OEH Representatives – Receive email updates
- **April 27**– Release relevant documents – www.tenders.nsw.gov.au/health
Example: Linen Services energy profile, terms & conditions, application process
Note: Not looking for financial offers or quotations. Maximum 2 page application form.
- **May 23 and 24** - Linen Services Workshop – Help Develop Strategy
- **Mid 2019** - Formal process to be determined

HealthShare NSW Procurement

Social & Ethical Sustainability

- Bans on child labour (in contracts)
- Exploring the inclusion of a certification scheme
- Policies re: Indigenous businesses opportunities
- Policies re: Including small and medium enterprises

Environmental Sustainability

- Manage waste contracts
- Look for logistic efficiency

Financial/Market Sustainability

- Look to sustain markets i.e. more than one supplier e.g. 3 to 4
- We look for value for money i.e. incorporate a range of requirements NOT cheapest
- Australia is at the end of the supply chain. Northern hemisphere takes precedent

How can Clinicians influence Sustainable Procurement Decisions

- HSN is changing governance models
- Seeking higher level engagement from senior clinicians
- Establishment of Steering Committees
- More clinical engagement up front – want them involved in designing tender strategies
