

**CHAPTER OF COMMUNITY CHILD HEALTH
 APPLICATION FOR MEMBERSHIP**

The Chapter of Community Child Health is committed to supporting doctors with expertise or engagement in any or all of the domains of community child health, including: child development, child protection, and child public health. The Chapter also recognises its leadership role in developing networks with allied organisations. Membership is open to Fellows and Trainees of the RACP, Overseas Trained Paediatricians undertaking assessment via the RACP, and medical practitioners in Australia and New Zealand who have significant expertise or engagement in community child health or the domains of child protection, child development and behaviour and/or child population health.

A CURRICULUM VITAE OUTLINING EXPERIENCE AND CURRENT PRACTICE IN FIELD/S RELEVANT TO COMMUNITY CHILD MUST BE INCLUDED WITH THIS APPLICATION FORM
