JOHN FLYNN PRIVATE HOSPITAL

Accredited Registrar – Rehabilitation Unit

A vacancy for an accredited training position has become available for terms 1 and 2 of 2015

The position is fully accredited for training with the AFRM.

The rapidly growing rehabilitation service has undergone an expansion to 67 beds. A diverse range of day hospital programs has also commenced. The service is supported by three consultants in rehabilitation (FAFRM), all of whom have a keen interest in teaching.

The Registrar’s role will involve assessment and day to day management of adults requiring rehabilitation in both the inpatient Hospital and the day Hospital. The case mix is that of a generalist rehabilitation unit comprising mostly elderly patients with orthopaedic, neurological, cardiac, conditions or general de-conditioning following complex medical or surgical illness.

The appointee will participate in the weekly formal educational program provided for rehabilitation registrars at the John Flynn Hospital. In addition they will have access to the QLD Registrar Training program, the Bi National training program, the AFRM Rural Sig Journal Club teleconference and the John Flynn allied Health teaching program and Journal club.

Medical registration with Australian Health Practitioner Regulation Agency is an essential requirement. The position is funded by the STP program and it is an essential requirement that appointees are on the AFRM training Program.

Owned and operated by Ramsay Health Care, Australia’s largest and most respected operator of private hospitals, John Flynn Private Hospital is a 326 bed acute hospital located at Tugun, which is on the southern end of Queensland’s Gold Coast. John Flynn provides a wide range of health care services with a 24 hour Emergency Care centre, Comprehensive Cardiac Services, General and Orthopaedic Surgery, Oncology, Medical Services, Maternity and Paediatrics, Renal Dialysis, Day Surgery and Rehabilitation services. John Flynn Private Hospital has established an excellent reputation in the community for its high commitment to customer service, staff satisfaction and quality improvement.
