Gastroenterology - Paediatrics & Child Health	4
General & Acute Care Medicine	39
General Paediatrics	51
Geriatric Medicine	37
Haematology (joint training) - Adult Medicine	24
Clinical Haematology - Adult Medicine	0
Haematology (joint training) - Paediatrics & Child Health	0
Clinical Haematology - Paediatrics & Child Health	0
Immunology / Allergy (joint training) - Adult Medicine	4
Clinical Immunology / Allergy - Adult Medicine	0
Immunology / Allergy (joint training) - Paediatrics & Child Health	0
Clinical Immunology / Allergy - Paediatrics & Child Health	1
Infectious Diseases - Adult Medicine	14
Infectious Diseases - Paediatrics & Child Health	0
Infectious Diseases / Microbiology - Adult Medicine (Aus & NZ)	8

Training Programs (Australia)	Training completed in 2014 (N)
Infectious Diseases / Microbiology - Paediatrics & Child Health (Aus & NZ)	0
Medical Oncology - Adult Medicine	31
Medical Oncology - Paediatrics & Child Health	5
Neonatal / Perinatal Medicine - Paediatrics & Child Health (Aus & NZ)	11
Nephrology - Adult Medicine	10
Nephrology - Paediatrics & Child Health	2
Neurology - Adult Medicine	6
Neurology - Paediatrics & Child Health	1
Nuclear Medicine - Adult Medicine (Aus & NZ)	1
Nuclear Medicine- Paediatrics & Child Health (Aus & NZ)	0
Paediatric Emergency Medicine (ACEM) (Aus & NZ)	0
Paediatric Emergency Medicine (RACP) (Aus & NZ)	7
Palliative Medicine - Adult Medicine (Aus & NZ)	6
Palliative Medicine - Paediatrics & Child Health (Aus & NZ)	1
Respiratory Medicine - Adult Medicine	27
Sleep Medicine - Adult Medicine	24
Respiratory Medicine - Paediatrics & Child Health	6
Sleep Medicine- Paediatrics & Child Health	2
Rheumatology - Adult Medicine	11
Rheumatology - Paediatrics & Child Health	2
Addiction Medicine (Aus & NZ)	2
Palliative Medicine - Chapter (Aus & NZ)	57
Sexual Health Medicine (Aus & NZ)	5
Occupational and Environmental Medicine (Aus & NZ)	13
Public Health Medicine (Aus & NZ)	12
Rehabilitation Medicine Advanced Training (Aus & NZ)	34
Paediatric Rehabilitation Medicine Advanced Training (Aus & NZ)	2
Clinical Diploma of Palliative Medicine (diploma only)	78
Nuclear Medicine (RANZCR trainees) (pathway only) (Aus & NZ)	11

Training Programs (New Zealand)	Training completed in 2014 (N)
Basic Training - Adult Medicine	55
Basic Training - Paediatrics & Child Health	11
Cardiology - Adult Medicine	8
Cardiology - Paediatrics & Child Health	0
Dermatology - Adult Medicine	3
Dermatology - Paediatrics & Child Health	0
Endocrinology - Adult Medicine	4
Gastroenterology - Adult Medicine	7
Gastroenterology- Paediatrics & Child Health	0
General & Acute Care Medicine	8
General Paediatrics	6
Geriatric Medicine	1
Haematology (joint training) - Adult Medicine	1
Clinical Haematology - Adult Medicine	0
Haematology (joint training) - Paediatrics & Child Health	0
Clinical Haematology - Paediatrics & Child Health	0
Immunology / Allergy (joint training) - Adult Medicine	1
Clinical Immunology / Allergy - Adult Medicine	1
Immunology / Allergy (joint training) - Paediatrics & Child Health	0
Clinical Immunology / Allergy - Paediatrics & Child Health	0
Infectious Diseases - Adult Medicine	2
Infectious Diseases - Paediatrics & Child Health	0
Medical Oncology - Adult Medicine	13
Medical Oncology - Paediatrics & Child Health	2
Nephrology - Adult Medicine	2
Nephrology - Paediatrics & Child Health	1
Neurology - Adult Medicine	0
Neurology - Paediatrics & Child Health	1
Respiratory Medicine - Adult Medicine	4
Respiratory Medicine - Paediatrics & Child Health	0
Rheumatology - Adult Medicine	2
Sleep Medicine - Adult Medicine	4
Sleep Medicine - Paediatrics & Child Health	0

Notes

1. Trainees who register in more than one program are counted once under each program, e.g., a dual trainee in Geriatric Medicine and Adult Rheumatology will be counted once under Geriatric Medicine and once under Adult Rheumatology. For these reasons, the numbers of trainees in this table cannot be summed to obtain the total number of College trainees.
2. *Training completed in 2014* is an approximate figure. Basic Training figures reflect the number of trainees who have completed their Basic Training time in 2014. Some of these trainees may be yet to successfully complete the written and clinical examinations. Advanced Training figures reflect the number of trainees who have been admitted to Fellowship of the relevant Division, Faculty or Chapter in 2014.
