Monday 16 May 2016

Opening Sessions

Room: Hall L

8.15am – 10am

Welcome to Country

Opening address

*His Excellency the Honourable Hieu Van Le AO
Governor of South Australia*

President's welcome

Laureate Professor Nicholas Talley, RACP President

Lead Fellow's welcome

Associate Professor Michael Gabbett

Priscilla Kincaid-Smith Oration

Professor John Mills AO

Launch of the RACP End of Life Care position paper

Laureate Professor Nicholas Talley, RACP President

10am – 10.30am

Morning Tea in Exhibition Area, Hall N&O and Judging of the Paediatric & Child Health Poster Prize

10am – 10.30am

AFOEM – Launch of the Ethical Guidelines – Associate Professor James Ross, Dr David Beaumont, Dr Greg Stewart

Room: Hall L

10am – 10.30am

Chapter of Community Child Health Annual Members' Meeting

Room: Panorama Room 2

Monday 16 May 2016

Adult Medicine – Stream 1 Room: City Rooms 1 & 2	Adult Medicine – Stream 2 Room: Hall M	Paediatrics & Child Health – Stream 1 Room: Panorama Room 2	Paediatrics & Child Health – Stream 2 Room: Riverbank Room 6	AFOEM Stream Room: Hall L	AFPHM Stream Room: City Rooms 3 & 4	Physician’s Professionalism & Performance Room: Riverbank Room 7	Policy & Advocacy Stream Room: Panorama Room 1
10.30am – 11am	10.30am – 12pm	10.30am – 12.15pm	10.30am – 12.30pm	10.30am – 12.30pm	10.30am – 12.25pm	10.30am – 12.30pm	10.30am – 12.30pm
Clinical update ASCIA Recent advances in clinical immunology and allergy <i>Dr William Smith</i>	Panel discussion Multidisciplinary care in Indigenous health A hypothetical case study, which will explore how to deliver effective and culturally safe and appropriate care to Indigenous people. <i>Mr Peter Buckskin</i> <i>Dr Danny de Lore</i> <i>Ms Celia Harnas</i> <i>Dr Kali Hayward</i> <i>Dr George Laking</i> <i>Dr Tamara Mackean</i>	The Little Heroes Centre for Innovation and Robotics <i>Dr Ray Russo</i>	Rue Wright Memorial Award presentations 10.40am – 10.55am	PTSD – What are the knock on effects? 10.35am – 11.15am	John Snow Scholarship Regional Finalists 10.40am – 10.55am	Professional behaviour in the workplace This interactive session will focus on examining the professional behaviour of Fellows and trainees of the College. Through a combination of presentations, panel discussion and scenarios it explores some behaviours which transgress those expected of members of the College such as bullying, discrimination, sexual harassment and more common negative behaviours such as undermining. Fellows, trainees and experts in the field will clarify what constitutes poor professional behaviours, what leaders can do to change a culture which is considered toxic and, from a trainee and Fellow perspective, what to do if they experience bullying behaviour from their supervisor or another colleague.	Evolve initiative: the latest on ‘What not to do’ Clinical updates on the evidence behind changes to clinical practice to reduce unnecessary interventions, focusing on recommendations that have direct relevance to other specialties and exploring why the practice might still be so prevalent and effective strategies to appropriately reduce their use.
11am – 11.30am	Session partnered with Policy and Advocacy	12.15pm – 12.30pm	Foetal alcohol spectrum disorders in Australia: provisional findings of prospective national case surveillance <i>Dr Marcel Zimmel</i>	UK military veterans and the military family <i>Professor Nicola Fear</i>	Child and family centres and healthcare access – a pilot cohort study <i>Miss Eliza Nolan, University of Tasmania</i>	Surveillance and epidemiology of blood borne viral hepatitis in Australia: 21 years of the National Notifiable Disease Surveillance System <i>Ms Aleece MacPhail, University of Melbourne</i>	Session chairs <i>Dr Catherine Yelland</i> <i>Associate Professor Nick Buckmaster</i>
Clinical update ANZSBT Iron deficiency <i>Dr Kathryn Robinson</i>		RACP Trainee Research Awards for Excellence – Regional Finalist PREMM: Preterm early massage by the mother – the effects of massage in very preterm infants <i>Dr Melissa Lai, QLD</i>	The parental immunisation needs and attitudes (PINA) survey in hospital paediatric clinics (PINA-H) and community maternal and child health centres (PINA-C) in Melbourne <i>Dr Jessica Costa-Pinto</i>	11.15am – 11.45am PTSD in train drivers – from a rail industry perspective <i>Mr Barry Walding</i>	10.55am – 11.10am		Gastroenterology <i>Professor Anne Duggan</i>
11.30am – 12pm			10.55am – 11.10am	11.45am – 12.15pm Childhood trauma, adult pain <i>Dr Michelle Atchison</i>			Rheumatology <i>Dr Catherine Hill</i>
Clinical update HGSA Clinical genetics <i>Associate Professor Julie McGaughran</i>							Clinical pharmacology <i>Dr Jenny Martin</i>
							Palliative medicine <i>Dr Doug Bridge</i>
							Genetics <i>Associate Professor Julie McGaughran</i> “The sooner and more comprehensively this list is used the better” (Palliative Medicine). “ESA members have been enthusiastic (and) see the advantages to patients and the community” (Endocrine Society of Australia)

Monday 16 May 2016

<p>12pm – 12.30pm</p>	<p>12pm – 12.15pm</p>	<p>Continued PREMM: Preterm early massage by the mother – the effects of massage in very preterm infants</p>	<p>Continued Rue Wright Memorial Award presentations</p>	<p>Continued PTSD – What are the knock on effects?</p>	<p>Continued John Snow Scholarship Regional Finalists</p>	<p>Continued Professional behaviour in the workplace</p>	<p>Continued session:</p>
<p>Precision medicine in cancer treatment: precise landing for a cancer moonshot <i>Professor Richard Pestell</i> Recipient of the Eric Susman Prize 2015</p>	<p>RACP Trainee Research Awards for Excellence – Regional Finalist Silent and apparent neurological injury in Transcatheter Aortic Valve Implantation Study (SANITY) <i>Dr Jonathon Fanning, QLD</i></p>		<p>11.10am – 11.25am</p> <p>Demographic predictors of family functioning and its change over the first five years post-partum: findings from the healthy beginnings trial <i>Dr Sinthu Vivekanandarajah</i></p>	<p>12.15pm – 12.30pm</p> <p>Panel discussion with all session speakers <i>Professor Nicola Fear</i> <i>Mr Barry Walding</i> <i>Dr Michelle Atchison</i></p>	<p>11.10am – 11.25am</p> <p>Potential efficiency gains in Australian primary care: a review <i>Mr Shaun Vaughn, Australian National University</i></p>		<p>“A smart, succinct, evidence-based ‘list of five points’ with direct clinical relevance” (Sexual Health Medicine).</p>
	<p>12.15pm – 12.30pm</p>		<p>11.25am – 11.40am</p> <p>Adolescent incontinence <i>Dr Thet Soe</i></p>		<p>11.25am – 11.40am</p> <p>Whakawhan-aungatanga and antiracist research praxis <i>Ms Su’Ad Muse, University of Otago</i></p>		
	<p>RACP Trainee Research Awards for Excellence – Regional Finalist Comparison of contemporary risk scores for predicting mortality and morbidity after aortic valve replacement <i>Dr Tom Wang</i></p>				<p>11.40am – 11.55am</p> <p>Vitamin D supplementation in reducing the risk of vitamin D insufficiency during infancy <i>Miss Carmen Hayward, Flinders University</i></p>		

Monday 16 May 2016

Continued Precision medicine in cancer treatment: precise landing for a cancer moonshot	Continued Comparison of contemporary risk scores for predicting mortality and morbidity after aortic valve replacement	Continued PREMM: Preterm early massage by the mother – the effects of massage in very preterm infants	Continued Rue Wright Memorial Award presentations 11.40am – 11.55am Brief school-entry sleep intervention improves child outcomes: randomised controlled trial <i>Associate Professor Harriet Hiscock</i> 12.15pm – 12.30pm RACP Trainee Research Awards for Excellence – Regional Finalist Epidemiology of intussusception in New Zealand pre rotavirus vaccination <i>Dr Bronwyn Rosie, New Zealand</i>	Continued PTSD – What are the knock on effects?	Continued John Snow Scholarship Regional Finalists 11.55am – 12.10pm Trachoma mass drug administration and health promotion in the Western Australian goldfields <i>Miss Matilda-Jane Oke, University of Notre Dame Fremantle</i> 12.10pm – 12.25pm Melanoma in the news: a discourse analysis of articles in the Australian newspaper <i>Ms Olivia Charlton, University of Notre Dame Sydney</i>	Continued Professional behaviour in the workplace		Continued Evolve initiative: the latest on 'What not to do'

12.30pm – 1.30pm
Lunch in Exhibition Area, Hall N&O

12.30pm – 1.30pm
RACP Annual General Meeting
Room: Riverbank Room 5

Monday 16 May 2016

Adult Medicine – Stream 1 Room: City Rooms 1 & 2	Adult Medicine – Stream 2 Room: Hall M	Paediatrics & Child Health – Stream 1 Room: Panorama Room 2	Paediatrics & Child Health – Stream 2 Room: Riverbank Room 6	AFOEM Stream Room: Hall L	AFPHM Stream Room: City Rooms 3 & 4	Physician’s Professionalism & Performance Room: Riverbank Room 7	Education Stream 1 Room: Riverbank Room 8	Education Stream 2 Room: Room L2	Policy & Advocacy Stream Room: Panorama Room 1
1.30pm – 2pm	1.30pm – 3pm	1.30pm – 2.45pm	1.30pm – 3pm	1.30pm – 3.35pm	1.30pm – 3.40pm	1.30pm – 3pm	1.30pm – 3pm	1.30pm – 3pm	1.30pm – 3pm
<p>Clinical update MoGA Advances in medical oncology and the rapidly developing area of immune-oncology <i>Professor Michael Brown</i></p> <p>2pm – 3.30pm</p> <p>Clinical update ASID Infectious diseases <i>Dr Emily Rowe</i></p> <p>2.30pm – 3pm</p> <p>Clinical update ESA Recent advances / controversies in clinical endocrinology <i>Associate Professor Morton Burt</i></p>	<p>Panel discussion Clinical genetics and its impact across clinical disciplines</p> <p>Improved diagnosis using Next Generation Sequencing <i>Dr Eric Haan</i></p> <p>Genetic testing for genetic cardiac disorders – is it useful? <i>Professor Chris Semsarian</i></p> <p>Genetic testing for monogenic forms of diabetes improves diagnosis and treatment <i>Dr Nicola Poplawski</i></p>	<p>Innovations in paediatrics</p> <p>Complex Care Coordinators in Queensland: a dispersed model <i>Dr Lynne McKinlay</i></p> <p>Fabio the FROG – an online children’s satisfaction surveyor <i>Dr Pam Murphy</i></p> <p>Innovative technologies in paediatric burns <i>Dr Bronwyn Griffin</i></p> <p>Writing an educational blog <i>Dr Tessa Davis – “Don’t forget the bubbles”; and Dr Dabrina Starmer – “C Foam”</i></p>	<p>Sexual Health Workshop Staying safe – sex and the under sixteens: an interactive case based workshop</p> <p>After a brief introduction, we will present four different cases of sexually active teenagers and discuss the sexual and reproductive issues faced by these young people and the role paediatricians play in supporting them.</p> <p>This will be an interactive session where participants will be given the opportunity to actively engage in the discussion. <i>Dr Sarah Martin Dr Rachel Skinner Dr Terrence Donald</i></p>	<p>Ramazzini Prize presentations 1.35pm – 1.50pm</p> <p>Health demographics of prospective FIFO mining workers in regional Australia <i>Dr Clare Wood</i></p> <p>1.50pm – 2.05pm</p> <p>Is lung function testing always required in offshore oil exploration workers’ Fitness for Work (FFW) assessment? <i>Dr Andrew McNeill</i></p>	<p>Gerry Murphy Prize presentations 1.40pm – 1.55pm</p> <p>Geospatial mapping of disadvantage in Sydney Local Health District <i>Dr Katherine Todd, NSW</i></p> <p>1.55pm – 2.10pm</p> <p>Evaluation of the effectiveness and health outcomes of opportunistic school health checks in a remote setting <i>Dr Alister Keyser, QLD</i></p>	<p>Mental health of physicians – a panel discussion In this session our panel of experts will discuss the current mental health issues facing physicians. The session will open with beyondblue sharing the findings from their recent National Mental Health Survey of Doctors</p> <p>Facilitator: <i>Associate Professor Michael Gabbett</i></p> <p>Speakers: <i>Professor Michael Baigent Dr Geoff Toogood Dr Mick O’Keefe</i></p>	<p>Workshop 2 – SPDP Part 1. Teaching and learning in healthcare settings <i>Dr David Everett Dr Carolyn Edmonds</i></p>	<p>Education renewal: balancing sustainability and quality A session focussed on outlining the significant program of education change at the College to improve the quality of training and to achieve a better balance of the number of trainees it can sustainably train.</p>	<p>Integrated Care in practice: what’s working and why? Hear about a range of models of integrated care; what’s been shown to work and the benefits being delivered by a more patient-centred and multidisciplinary approach to healthcare.</p> <p>Beating diabetes together in Western Sydney <i>Professor Glen Maberly</i></p> <p>A co-designed model of care for people with intellectual disability <i>Dr Robert Leitner Anne Funke, Social Worker and NSW Carer of the Year 2014</i></p>

Monday 16 May 2016

<p>Continued Clinical update ESA: Recent advances / controversies in clinical endocrinology</p>	<p>Continued session: Genetic diagnosis – the family perspective <i>Dr Francois Chamalaun</i></p>	<p>2.45pm – 3pm RACP Trainee Research Awards for Excellence – Regional Finalist Response to growth hormone therapy and gonadal pathology in 45,X/46,XY females <i>Dr Angela Titmuss, NSW</i></p>	<p>Continued Sexual Health Workshop Staying safe – sex and the under sixteens: an interactive case based workshop</p>	<p>Continued Ramazzini Prize presentations 2.05pm – 2.20pm Evaluating the effectiveness of the new certificates of capacity in improving outcomes of the management musculoskeletal injuries within the Western Australian workers compensation system <i>Dr Iyad Dayoub</i> 2.20pm – 2.35pm Geogenic iron exposure: acute respiratory conditions and infections among iron ore workers in Western Australia <i>Dr Catherine Hurworth</i></p>	<p>Continued Gerry Murphy Prize presentations 2.10pm – 2.25pm Absolute risk of cardiovascular disease events in the Australian general population: population-based risk and treatment profiles <i>Dr Simon Crouch, VIC</i> 2.25pm – 2.40pm Improving Aboriginal and remote sexually transmitted infection rates in WA: worth the effort <i>Dr Mithilesh Dronavalli, WA</i> 2.40pm – 2.55pm Induction of labour trends in the Northern Territory 2001-2012, by Aboriginal status and purity <i>Dr Pasqualina Coffey, NT</i></p>	<p>Continued Mental health of physicians – a panel discussion</p>	<p>Continued Workshop 2 – SPDP Part 1. Teaching and learning in healthcare settings</p>	<p>Continued Education renewal: balancing sustainability and quality</p>	<p>Continued session: Monash watch: a first step towards managing complexity <i>Professor Don Campbell</i></p>

Monday 16 May 2016

<p>Continued Clinical update ESA: Recent advances / controversies in clinical endocrinology</p>	<p>Continued Panel discussion Clinical genetics and its impact across clinical disciplines</p>	<p>Continued Response to growth hormone therapy and gonadal pathology in 45,X/46,XY females</p>	<p>Continued Sexual Health Workshop Staying safe – sex and the under sixteens: an interactive case based workshop</p>	<p>Continued Ramazzini Prize presentations 2.35pm – 2.50pm Evaluating the difference in prevalence of alcohol and illicit drug use in the construction and oil and gas industry <i>Dr Heng Tan</i> 2.50pm – 3.05pm Comparison of interventional outcomes of occupational musculoskeletal disorders <i>Dr Pravind Kumar</i> 3.05pm – 3.20pm Assessing lung function among selected female garment workers in Matale, Sri Lanka <i>Dr Bandula Bandara Herath-Mudiyanselage</i></p>	<p>Continued Gerry Murphy Prize presentations 2.55pm – 3.10pm The first 100 patients of the Australian Capital Territory Adult Obesity Management Service <i>Dr Belinda Jones, ACT</i> 2.10pm – 3.25pm Talking story: a coordinated approach to Aboriginal children’s ear health <i>Dr Jessica Leonard, SA</i> 3.25pm – 3.40pm An outbreak of paralytic shellfish poisoning in Tasmania <i>Dr Laura Edwards, TAS</i></p>	<p>Continued Mental health of physicians – a panel discussion</p>	<p>Continued Workshop 2 – SPDP Part 1. Teaching and learning in healthcare settings</p>	<p>Continued Education renewal: balancing sustainability and quality</p>	<p>Continued Integrated Care in practice: What’s working and why?</p>

Monday 16 May 2016

Continued Clinical update ESA: Recent advances / controversies in clinical endocrinology	Continued Panel discussion Clinical genetics and its impact across clinical disciplines	Continued Response to growth hormone therapy and gonadal pathology in 45,X/46,XY females	Continued Sexual Health Workshop Staying safe – sex and the under sixteens: an interactive case based workshop	Continued Ramazzini Prize presentations 3.20pm – 3.35pm Risk perception and communication following an exposure event at a wood treatment plant: a before and after study <i>Dr Scott Newburn</i>	Continued Gerry Murphy Prize presentations	Continued Mental health of physicians – a panel discussion	Continued Workshop 2 – SPDP Part 1. Teaching and learning in healthcare settings	Continued Education renewal: balancing sustainability and quality	Continued Integrated Care in practice: What's working and why?
