RACP FUTURE DIRECTIONS IN HEALTH CONGRESS 2012

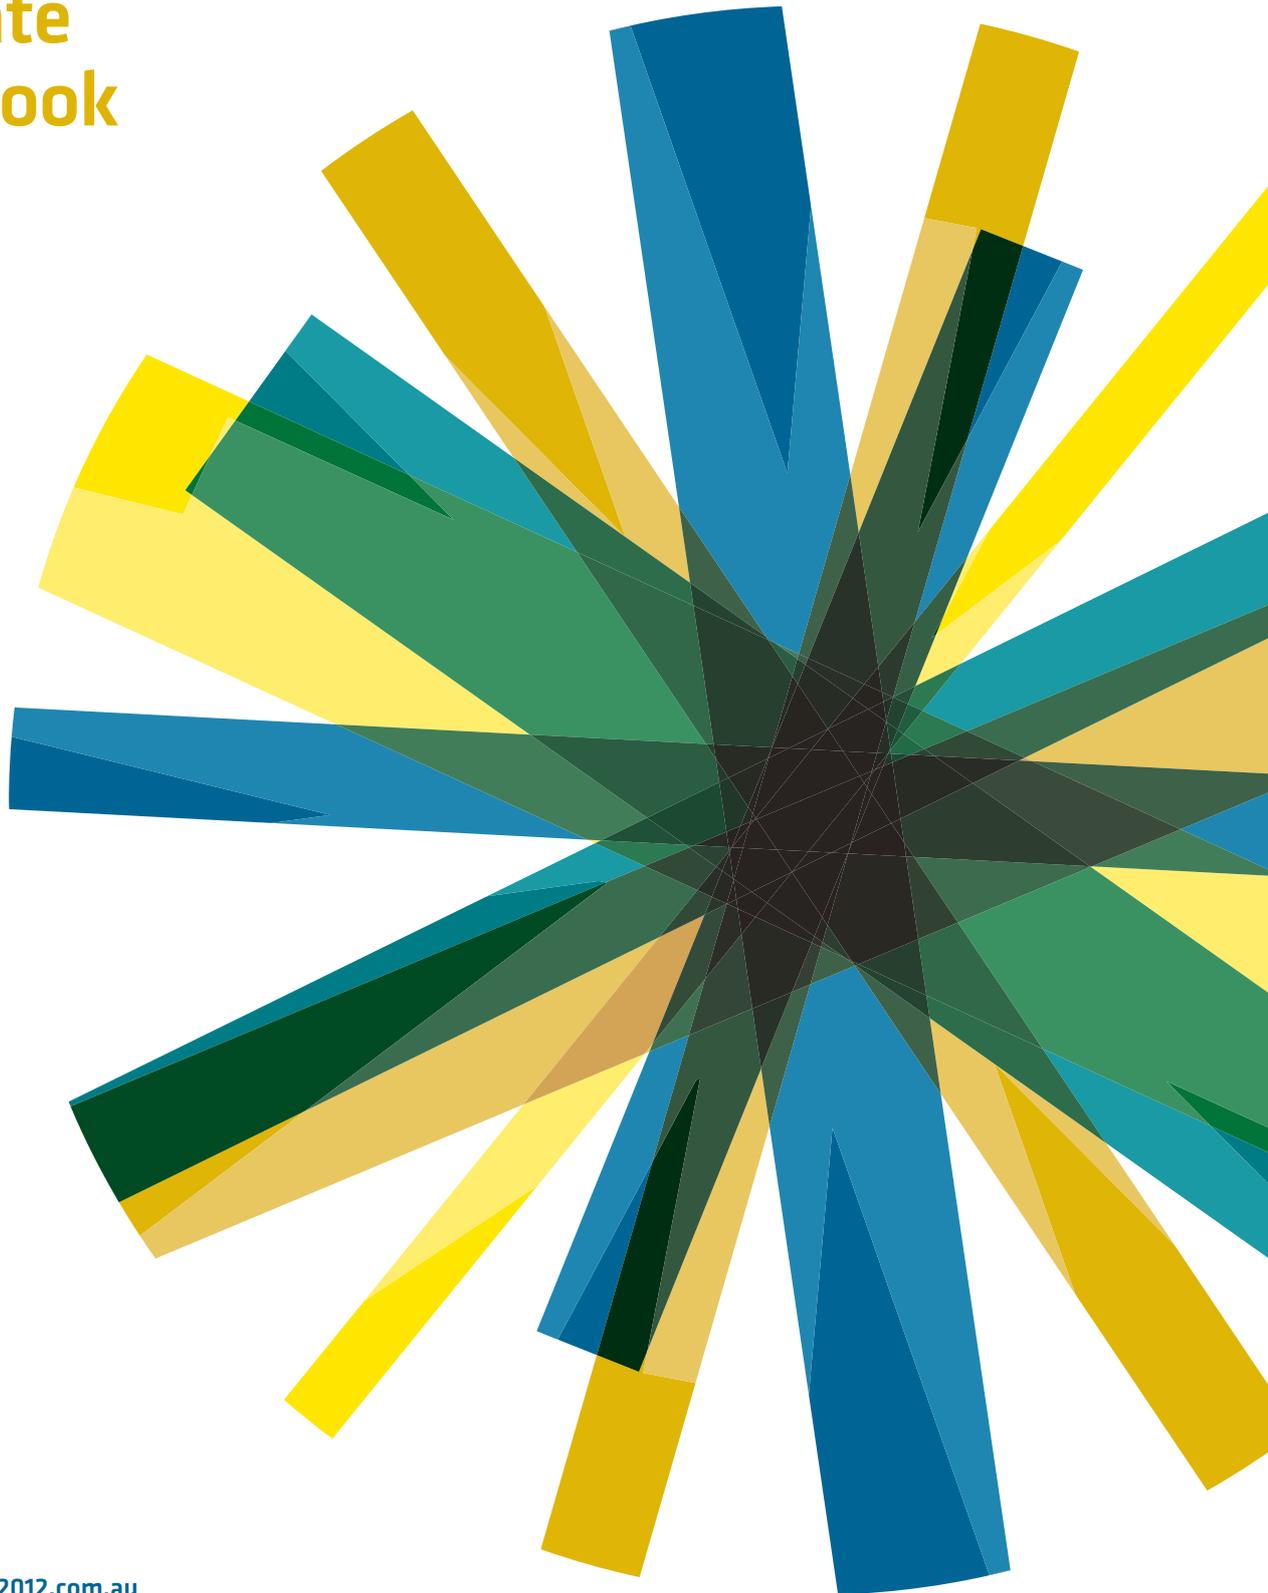

06 – 09 May 2012 **Brisbane Queensland**
Brisbane Convention & Exhibition Centre

The Royal Australasian
College of Physicians

--

Delegate Handbook

Creating a platform for innovation through eHealth

From July 2012, your patients can choose to register for a personally controlled electronic health record.

The national eHealth record system will provide access to key health information drawn from local clinical information systems. With your patient's consent, this information can be quickly and securely shared with all healthcare professionals involved in their care.

July 2012 is just the starting point for the eHealth record system. The more healthcare professionals and organisations that participate, the better connected the network will become, and the better it will serve you and your patients.

Only identified healthcare professionals, including medical specialists, can enter information in the clinical record. Patients will have a separate section in which to enter demographic and basic health information, and to keep their own notes.

You and your healthcare organisation can start preparing now for the new eHealth record system.

eHealth brings it all together

For more information or to sign up to receive regular updates visit www.ehealth.gov.au or call the Helpline 1300 PCEHR1 (1800 723 471)

WELCOME TO BRISBANE

On behalf of the Congress Program Committee, it is my pleasure to welcome you to the RACP Future Directions in Health Congress 2012.

Dear Colleagues

On behalf of the Congress Program and Business Committees, it is my pleasure to welcome you to the RACP Future Directions in Health Congress 2012.

The Congress is the premier event on the College calendar, incorporating the Annual Scientific Meetings of the Adult Medicine Division/Internal Medicine Society of Australia and New Zealand, Paediatrics & Child Health Division and Australasian Faculty of Occupational & Environmental Medicine.

This year's theme is 'Disease and Injury Prevention'. An array of program topics is on offer for everyone to pick and choose from within your own specialty interest or outside your area of practice. I would like to take this opportunity also to acknowledge our Australasian Faculty of Rehabilitation Medicine, Specialty Society partners, many of our College committee members and College staff for contributing to the development of the 2012 program.

This year we are honoured to have a number of international and national keynote speakers present at the College including

- :: **Professor John Rasko (Australia)**
Opening Plenary
- :: **Professor Sir Michael Marmot (United Kingdom)**
Priscilla Kincaid-Smith Oration and Fergusson-Glass Oration
- :: **Professor Ian Frazer (Australia)**
Cottrell Memorial Lecture
- :: **Professor Graham Vimpani (Australia)**
Howard Williams Oration
- :: **Dr Kenneth Nunn (Australia)**
PRSANZ Plenary
- :: **Professor Dame Carol Black (United Kingdom)**
Closing Plenary

Several College publications will be launched at Congress 2012 including SPPP Guide, Indigenous Health Discussion Paper, Health of Doctors Statement and Child Oral Health Policy. These publications will be introduced for discussion and circulated in session, please refer to the Program at a Glance for session details. I encourage you all to attend and be involved in these discussions.

I warmly invite you to take part in the social activities which have been scheduled during the Congress. A special mention goes to the RACP Foundation breakfast function. Please join the dedicated RACP Foundation team for a complimentary breakfast on Wednesday, 9 May (Brisbane Convention & Exhibition Centre) to celebrate the past 21 years of the RACP Research and Education Foundation and the emergence of the RACP Foundation. I am delighted, Professor John Rasko, recipient of the 2011 Susman Prize will speak at the breakfast. The Susman Prize is an annual award by the College Council for the best contribution by a Fellow to the knowledge of any branch of Internal Medicine.

Lastly, I would like to thank our speakers, session chairs, sponsors and exhibitors who have been so generous with their time and financial contributions. I also extend my thanks and appreciation to delegates who by attending, participating and actively contributing to the many sessions and activities at Congress 2012 will ensure its success. I look forward to seeing you at the RACP Future Directions in Health Congress 2013 which will be held on 26 to 29 May 2013 in Perth.

Professor John Kolbe FRACP
President, The Royal Australasian College of Physicians

HOST

--

The Royal Australasian College of Physicians (RACP)

The RACP trains, educates and advocates on behalf of more than 13,500 physicians and 5,000 trainees – often referred to as medical specialists – across Australia and New Zealand. It represents more than 25 medical specialties including paediatrics, cardiology, respiratory medicine, neurology, oncology and public health medicine, occupational and environmental medicine, palliative medicine, rehabilitation medicine, sexual health medicine and addiction medicine.

Beyond the drive for medical excellence the RACP is committed to developing health and social policies which bring vital improvements to the well being of patients.

Registration

The Congress Registration Desk is located in the Main Foyer, Ground Floor, Brisbane Convention & Exhibition Centre. Delegates should collect their name badge and Congress materials prior to attending any sessions.

Registration Desk Operating Hours:

:: Sunday 6 May 2012
0700 – 1800hrs

:: Monday 7 May 2012
0700 – 1730hrs

:: Tuesday 8 May 2012
0700 – 1730hrs

:: Wednesday 9 May 2012
0700 – 1600hrs

Messages and Notices

Messages and notices can be posted on the Message and Notice Board positioned near the Congress Registration Desk. Please check the board regularly on passing. Unfortunately, messages cannot be personally delivered by Congress Staff.

Catering

The below catering is included with Congress Registration.

:: Sunday:

Morning tea and lunch will be served in the foyer

:: Monday and Tuesday:

Lunch, morning and afternoon tea will be served in the exhibition

:: Wednesday:

Morning tea and lunch will be served in the exhibition

Name Badges and Social Function Tickets

Your name badge is your entry to all sessions, the exhibition, inclusive social functions as well as morning and afternoon teas and lunch (all served in the exhibition hall). Please wear your name badge at all times. The swapping of the Congress lanyard with your own lanyard is not permitted.

Tickets are required for admission to all non-inclusive social functions, and if purchased, will be issued with your name badge.

Speakers' Preparation Room

Speakers are asked to submit their presentation to technicians in the Speakers' Preparation Room. This should be done preferably as soon as possible, but no later than 4 hours prior to the start of their session.

The Speakers' Preparation Room is located in M10, Mezzanine Level at the Brisbane Convention & Exhibition Centre.

Operating Hours:

:: Sunday 6 May 2012
0730 – 1800hrs

:: Monday 7 May 2012
0700 – 1730hrs

:: Tuesday 8 May 2012
0700 – 1730hrs

:: Wednesday 9 May 2012
0700 – 1600hrs

Certificate of Attendance

Following the Congress, all registered delegates will receive a Certificate of Attendance via email.

CPD Credits

The RACP CPD Program is a self-directed and self-reporting program. Physicians' record and report on their continuing professional development activities annually. It is the responsibility of individual physicians to select the activities appropriate for their continuing professional development and apply for the appropriate level of credits.

For further details please visit www.racpcongress2012.com.au

“Brisbane Convention & Exhibition Centre is a world-class venue... offering a comprehensive range of fully integrated in-house services delivered by a team of highly experienced professionals.”

Transfers to and from the venue are included in the ticket price. Information regarding the pick-up points will be provided on the Information Board at the Brisbane Convention & Exhibition Centre during the Congress. This stunning evening will be the perfect way to finish off what is sure to be a great RACP Congress!

--

Sponsorship

The Congress gratefully acknowledges the following for their support.

Silver Sponsor

Department of Health and Ageing (DoHA)

Australia's health system is world class, supporting universal and affordable access to high quality medical, pharmaceutical and hospital services, while helping people to stay healthy through health promotion and disease prevention activities. The Department of Health and Ageing has a diverse set of responsibilities, but throughout there is a common purpose, which is reflected in our Vision statement: Better health and active ageing for all Australians.

We aim to achieve our Vision through strengthening evidence-based policy advising, improving programme management, research, regulation and partnerships with other government agencies, consumers and stakeholders.

The Royal Australasian College of Physicians

Supporting Fellows

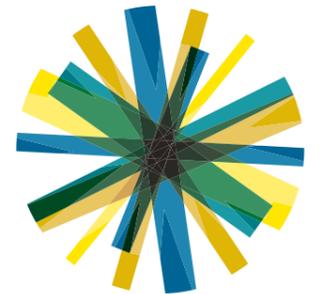

The RACP welcomes all Fellows, trainees and delegates to the RACP Future Directions in Health Congress 2012.

Looking to the future – and the ways in which we might grow and further support our Fellows – is a key priority for the College.

You are invited to view the latest real-time indicators from the RACP Segmentation Study to find out what products and services could be delivered to meet the needs of the Fellowship.

College representatives are available to discuss all the latest developments at the College, and listen to your thoughts and views about how we can work with you to build the College of the future.

Merivale Street Mezzanine Level

Plaza Level

General Information

ATM Facilities

There are two ATMs situated on the main exhibition concourse of the Brisbane Convention & Exhibition Centre. Other ATMs are available nearby in the South Bank precinct.

--

Business Centre

A fully integrated Client and Visitor Centre is located in the Main Foyer and directly linked to the Centre's Great Hall. Services include cloakroom facilities, internet café and wireless internet facilities, wheelchair and trolley loans, and general business administration requirements and supplies.

--

Childcare Services

The Congress does not provide a childcare service. If this is required please contact your hotel concierge for recommendations and bookings.

--

Climate and Dress Code

Brisbane has a subtropical climate with warm or hot weather for most of the year. In May, the average temperature is 23 degrees Celsius. Smart casual clothes are suitable for the Congress sessions and most social events.

--

Credit Cards

Visa, MasterCard and American Express cards will be accepted at the Congress Registration Desk. Most hotels, large restaurants and shops will accept international credit cards, the most widely recognised being American Express, Diners Club, MasterCard and Visa. Automatic teller machines are plentiful and situated throughout the city.

--

Disclaimer

RACP Congress 2012, including the Future Directions in Health Congress Organisers, will not accept liability for the damages of any nature sustained by participants or their accompanying persons for loss or damage to their personal property as a result of Congress and exhibition or related events. All details contained in this handbook are correct at the time of printing.

--

Insurance

Delegates are strongly advised to secure appropriate travel and health insurance. Delegate registration fees do not provide any such insurance coverage. The Congress Organising Committee and the Congress Office accept no responsibility for any loss in this regard.

--

Internet Access

In addition to the Internet Café within the Exhibition, Brisbane Convention & Exhibition Centre has wireless internet capabilities throughout the venue. The wireless internet is designed for web browsing and checking web based email. It is not designed for VPN or downloading large files. Blocks of time can be purchased as needed from the main Information desk of the Brisbane Convention & Exhibition Centre. Instructions and details are issued at the time of purchase.

--

Language

The official language of the Congress is English.

--

Media

All Congress sessions are open to the media and as such, your presentation may be attended, or recorded by media representatives. Media interest provides an excellent opportunity to advocate your work to a wider audience and have your field of health form part of the public agenda.

The RACP Communications Unit will proactively engage with local and national media to promote the RACP Congress and Congress theme, "Future Directions in Health". In the lead up to Congress, the Communications Unit may contact you to ascertain your availability for media requests.

Please also be advised that media may also wish to interview you after your presentation.

The RACP Communications Unit will have a strong presence at the 2012 RACP Future Directions in Health Congress. We invite you to make use of this opportunity, with the Communications Officer available to offer support, advice and facilitate any media requests that come through. A dedicated venue will also be accessible for conducting media interviews and briefings.

Any media enquiries regarding the Congress should be directed to:

Time Zone

Brisbane is on Australian Central Time Zone

--

Transport Airtrain

Celebrated as Australia's first dedicated rail link for airport patrons, Airtrain provides travellers with a convenient pre and post flight transfer option. The 20 minute express service runs every 15 minutes from the international and domestic terminals during peak hours stopping at five inner city stations. Tickets can be purchased online, at the Brisbane Airport customer service counter (domestic terminal), at Airtrain, city and suburban train stations and the Brisbane Convention & Exhibition Centre.

For further information visit www.airtrain.com.au

Coachtrans Australia

Operating seven days a week, Coachtrans Australia offers airport travellers a door-to-door bus shuttle service covering all major city-based accommodation. Coachtrans services both the international and domestic terminals to meet all flights. Services should be pre-booked. Tickets can be purchased online or through the customer service counters located onsite at the international and domestic terminals.

For further information visit www.coachtrans.com.au

Taxis

Dedicated taxi ranks are centrally located on the front doorstep of Brisbane's international and domestic terminals.

For further information visit www.blackandwhitecabs.com.au or www.yellowcab.com.au

Vehicle Hire

Various vehicle rental companies, chauffeured cars and charter services operate in and around Brisbane. Click here to search for a Brisbane transport operator.

--

Opening Plenary

'Our Challenge to Repair and Restore Tissues:
No Fate But What We Make'

Professor John E. J. Rasko

BSc (Med), MBBS (Hons), PhD, MAICD, FFSc(RCPA), FRCPA, FRACP

Professor John Rasko is a physician, pathologist and scientist with a productive track record in gene and stem cell therapy, experimental haematology and molecular biology. In over 130 papers he has contributed to the understanding of stem cells and blood cells, gene transfer technologies, and human diseases.

Professor John Rasko is chair of GTTAC, Office of the Gene Technology Regulator - responsible for regulating all genetically-modified organisms in Australia. Contributions to scientific organisations include co-founding and past-President of the Australasian Gene Therapy Society; Vice President, International Society for Cellular Therapy; Scientific Advisory Committees and Board member for philanthropic foundations; and several Ethics Committees. He is the recipient of national and international awards in recognition of his commitment to excellence in medical research, including the 2011 Susman Award from the RACP for the most outstanding contribution to the knowledge of any branch of internal medicine by a Fellow.

Priscilla Kincaid-Smith Oration 'Social Determinants of Health'

Ferguson-Glass Oration:
'Employment, Work and Health Equity'

Professor Sir Michael G. Marmot

MBBS, MPH, PhD, FRCP, FFPHM, FMedSci, FBA

Director, UCL Institute of Health Equity (Marmot Institute)
Chair, European Review on the Social Determinants of Health
and the Health Divide

Director, International Institute for Society and Health;
MRC Research Professor of Epidemiology and Public Health,
University College London

Professor Sir Michael Marmot has led a research group on health inequalities for 35 years. He is Principal Investigator of the Whitehall II Studies of British Civil Servants, investigating explanations for the striking inverse social gradient in morbidity and mortality. He leads the English Longitudinal Study of Ageing (ELSA) and is engaged in several international research efforts on the social determinants of health. He was a member of the Royal Commission on Environmental Pollution for six years, and served as President of the British Medical Association (BMA) in 2010 - 2011. He is a Fellow of the Academy of Medical Sciences, an Honorary Fellow of the British Academy, and an Honorary Fellow of the Faculty of Public Health of the Royal College of Physicians. In 2000 he was knighted by Her Majesty The Queen, 'for services to Epidemiology and the understanding of health inequalities'. Internationally acclaimed, Professor Marmot is a Foreign Associate Member of the Institute of Medicine (IOM), and a former Vice President of the Academia Europaea. He won the Balzan Prize for Epidemiology in 2004, gave the Harveian Oration in 2006, and won the William B. Graham Prize for Health Services Research in 2008. He was Chair of the Commission on Social Determinants of Health (CSDH), which was set up by the World Health Organization in 2005, and produced the report entitled: 'Closing the Gap in a Generation'. At the request of the British Government, he conducted a review of health inequalities, which published its report 'Fair Society, Healthy Lives' in February 2010.

Cottrell Memorial Lecture 'Cancer Immunotherapy in the 21st Century'

Professor Ian Frazer

FAA, FRS, FACHSHM (Hon), FRCPEd, FRCPA

CEO and Director of Research
Translational Research Institute Pty Ltd

Professor Ian Frazer is the Chief Executive Officer (CEO) of the Translational Research Institute (TRI) in Brisbane, Australia. In his role as CEO, Professor Frazer is charged with leading the \$354 million TRI to achieve its mission of being Australia's first institute, and one of only a few in the world, to research, trial and manufacture breakthrough drugs in the one location, once construction is complete in 2012. The TRI will accommodate up to 650 researchers from the four TRI partners: The University of Queensland, Queensland University of Technology, Mater Medical Research Institute and the Princess Alexandra Hospital.

Internationally-renown for the co-creation of the technology for the cervical cancer vaccines, Professor Frazer began his career as a renal physician and clinical immunologist in Edinburgh, Scotland before emigrating in 1981 to Melbourne, Australia. He continued his clinical training and pursued studies in viral immunology and autoimmunity at the Walter and Eliza Hall Institute of Medical Research with Professor Ian Mackay. In 1985, Professor Frazer accepted a teaching post with The University of Queensland and was appointed Director of The University of Queensland Diamantina Institute in 1991. In early 2011, Professor Frazer relinquished directorship of the Institute to commence in-post as CEO of the TRI. He retains an active research program at the Institute in immune responses to cancer.

Professor Frazer was awarded the 2005 CSIRO Eureka Prize for Leadership in Science and was selected as Queenslander of the Year, and Australian of the Year in 2006. He was also awarded the 2008 Prime Minister's Prize for Science, the 2008 Balzan Prize for Preventative Medicine, the 2009 Honda Prize and was recently elected as a Fellow of the esteemed Royal Society of London. Honorary Fellowship of the Australasian Chapter of Sexual Health Medicine was conferred on Professor Frazer at the College Ceremony on Sunday, 6 May 2012.

Howard Williams Oration Child Health: Contexts, Consequences and Challenges

Professor Graham Vimpani

MB BS PhD FRACP FAFPHM

Graham Vimpani is Professor of Community Child and Family Health at the University of Newcastle; Clinical Chair of Kaleidoscope: Hunter Children's Health Network within the Hunter New England Local Health District and senior Paediatrician in the Child Protection Team at the John Hunter Children's Hospital in Newcastle. He is also a part-time Senior Clinical Advisor in Child Protection for the NSW Ministry of Health.

He has a longstanding interest in promoting child development through evidence-based collaborative early intervention strategies that address the support needs of families with young children. He is a member of the research team that trialed sustained nurse home visiting in the Miller Early Childhood Sustained Home Visiting (MECSH) in Western Sydney prior to its expansion as part of the NSW Government's Keep them Safe strategy following the Wood Commission of Inquiry into child protection. Other major research interests have included investigating the impact of lead exposure on child development and the epidemiology of childhood injuries.

He has also served on the Boards of several non-government organisations providing services to children, including the advocacy body NIFTeY Australia (National Investment for the Early Years) of which he was chair from 1999-2012. He is also Chair of the Monitoring and Reporting group established to oversight the implementation of the NT Government's response to the 2010 Board of Inquiry review of child protection.

Professor Vimpani was a recipient of the Centenary Medal in 2003 for services to early childhood. He was appointed a Member of the Order of Australia (AM) in 2007 for service to medicine as a paediatrician committed to improving child health and welfare through contributions to a range of government, professional and community organizations, and as an academic, researcher and clinician.

Paediatric Plenary

To be advised

PRANZ Plenary

'Predicting Response / Reaction to Psychotropic Medication'

Dr Kenneth Patrick Nunn

MBBS(Hons) FRANZCP FRCPsych PhD

Dr Kenneth Nunn is a senior child psychiatrist and paediatric neuropsychiatrist. He currently works in the neurodevelopmental team at the Children's Hospital Westmead. He is the clinical partner in a two person Molecular Neuropsychiatry Service with Dr Ruth Urwin, Principal Hospital Scientist, responsible for identifying and interpreting CYP genotype polymorphisms relevant to psychotropic medication.

Dr Kenneth Nunn, with colleagues from the United Kingdom, recently proposed a causal model for anorexia nervosa in an attempt to develop scientifically testable hypotheses of mental illness. He is currently working on a similar approach with disorders of aggression and mood in anticipation of the international move to brain-based diagnosis of mental illness to replace the current DSM approach.

Closing Plenary

'The Role of Physicians in Maintaining a Healthy Working Age Population and Sustainable Economy'

Professor Dame Carol Black

DBE, MD, FRCP, MACP, FMedSci

Expert Adviser on Health and Work to the Department of Health, Chairman of the Nuffield Trust, Chairman of the Governance Board of the Centre for Workforce Intelligence, President of the British Lung Foundation and Pro-Chancellor of the University of Bristol.

Professor Dame Carol Black is Expert Adviser on Health and Work to the Department of Health, Chairman of the Nuffield Trust, Chairman of the Governance Board of the Centre for Workforce Intelligence, President of the British Lung Foundation and Pro-Chancellor of the University of Bristol. She has just completed as co-chair an independent review for the government of sickness absence in the UK.

Professor Dame Carol Black is a past-President of the Royal College of Physicians and immediate past-President of the Academy of Medical Royal Colleges. The Centre she established at the Royal Free Hospital in London is internationally renowned for research and treatment of connective tissue diseases. Since the early 1990s she has worked at board level in a number of organisations, including the Royal Free Hospital Hampstead NHS Trust, the Health Foundation, the NHS Institute for Innovation and Improvement, and the Imperial College Healthcare Charity, and she has chaired the UK Health Honours Committee.

Professor Dame Carol Black is a Trustee of the National Portrait Gallery, a member of the committee for the Queen's Awards for Voluntary Service, and on several national committees aiming to improve healthcare. She is a foreign affiliate of the US Institute of Medicine and has been awarded many honorary degrees and fellowships.

History of Named Orations & Lectures

Priscilla Kincaid-Smith Oration

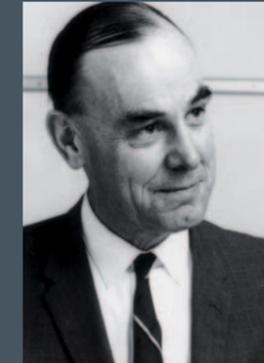

The Priscilla Kincaid-Smith Oration was established in 1993 in recognition of the contribution of Professor Priscilla Kincaid-Smith to medicine in Australia. It has been delivered every year since by an orator of international standing. Professor Kincaid-Smith's many outstanding achievements include her terms as the first woman President of the College (1986 - 1988) and as the first woman President of the World Medical Association.

Priscilla Kincaid-Smith
CBE AC FRACP

Howard Williams Oration

An annual award is presented by the Paediatrics & Child Health Division to acknowledge a person who has made an outstanding contribution to paediatrics and child health in Australia or New Zealand. The recipient of the Howard Williams medal is approached to deliver the Howard Williams Oration on a topic related to paediatrics and child health. The Oration acknowledges Dr Howard Williams for his leadership in modern paediatrics.

Howard Williams
AO FRACP
b. 1910 d.1999

Cottrell Memorial Lecture

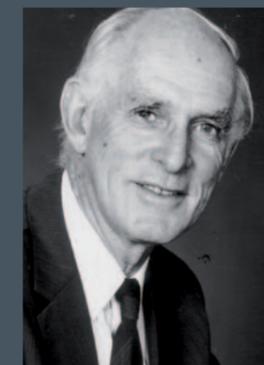

The late Dr Jack D Cottrell bequeathed a generous fund to the College to promote the study of epidemiology and the social and community aspects of medicine. The first Cottrell Memorial Lecture was delivered in 1990.

onglyza[®]
(saxagliptin) 5 mg tablets

When HbA_{1c} begins to rise above 7%

It's simple to add EXTRA HELP:^{*1,2}

- * Simple once-daily 5 mg starting and maintenance dose¹
- * Comprehensive Glucose Control (HbA_{1c}, FPG and PPG) when combined with metformin^{1,3,4}
- * Improved tolerability – fewer patients experience hypoglycaemia and there's no associated weight gain (Onglyza + metformin vs metformin + glipizide, p<0.0001)⁵

PBS LISTED – STREAMLINED AUTHORITY CODE 3540

PBS Information: Authority Required (STREAMLINED).
Refer to PBS Schedule for full authority information.

Before prescribing please review full Product Information available on request from
Bristol-Myers Squibb on 1800 067 567 or AstraZeneca.

HbA_{1c} = haemoglobin A_{1c}; FPG = fasting plasma glucose; PPG = postprandial glucose.

Onglyza[®] (saxagliptin 5 mg). **Indications:** Type 2 Diabetes Mellitus: add-on combination therapy to improve glycaemic control, in combination with metformin, a sulfonylurea, or thiazolidinedione (TZD), as an adjunct to diet and exercise, when the single agent alone does not provide adequate glycaemic control. Initial combination therapy with metformin, to improve glycaemic control as an adjunct to diet and exercise, when dual saxagliptin and metformin therapy is appropriate (i.e. high initial HbA_{1c} levels and poor prospects for response to monotherapy). **Dosage and Administration:** 5 mg once daily as add-on combination therapy with metformin, a thiazolidinedione, or a sulfonylurea. The recommended starting dose when used as initial combination therapy is Onglyza 5 mg plus 500 mg metformin once daily. Patients with inadequate glycaemic control on this starting dose should further have their metformin dose increased according to approved metformin Product Information. **Contraindications:** History of serious hypersensitivity reaction, such as anaphylaxis or angioedema*, to any component of Onglyza or to any DPP-4 inhibitor. **Precautions:** Serious hypersensitivity reactions*; Acute pancreatitis (discontinue treatment with Onglyza)*; Renal impairment: assessment of renal function is recommended prior to initiation and periodically thereafter, should not be used in patients with moderate or severe renal impairment; hypoglycaemia when used in combination with a sulfonylurea; pregnancy (category B3); lactation; children; not for Type 1 Diabetes Mellitus or diabetic ketoacidosis (see full PI). **Interactions:** No clinically significant interactions observed with metformin, glibenclamide, pioglitazone, digoxin, simvastatin, diltiazem, ketoconazole, rifampicin*, omeprazole, aluminium hydroxide + magnesium hydroxide + simethicone, famotidine, or an estrogen/progestin oral contraceptive* (see full PI). **Adverse reactions:** Common (≥ 5%): URTI, headache, urinary tract infection, nasopharyngitis, hypoglycaemia when used with sulfonylurea, peripheral oedema when used with TZD; others see full PI. **Post marketing experience*:** Acute pancreatitis and hypersensitivity reactions, including anaphylaxis, angioedema, rash, and urticaria. **Presentation:** Onglyza 5 mg tablets (pink) are available in blister packs of 7 and 28 tablets. Date of most recent amendment: 3 February 2012. PBS dispensed price: 5 mg \$91.19.

The RACP FOUNDATION at the

**RACP FUTURE DIRECTIONS
IN HEALTH CONGRESS 2012**
06 - 09 May 2012 Brisbane Queensland
Brisbane Convention & Exhibition Centre

All Fellows and Trainees are invited to attend our anniversary breakfast and participate in the collaborative program developed with the College Trainees Committee, Adult Medicine Division, Paediatrics & Child Health Division and Australasian Faculty of Occupational and Environmental Medicine (AFOEM).

RACP Foundation 21st Anniversary Breakfast

Date: Wednesday 9th May 2012

Time: 7.30am - 9am

Venue: Plaza Gallery,
Brisbane Convention & Exhibition Centre

Ticket Price: Complimentary - limited places available

Please join the RACP Foundation on Wednesday, 9th May 2012 from 7.30am - 9am for a complimentary breakfast to celebrate the past 21 years of the RACP Research and Education Foundation and the emergence of the RACP Foundation. The RACP Foundation extends this invitation to all Fellows and Trainees to graciously acknowledge their generous support through the Opt Out contributions.

The morning will include an introduction from the College President, an address from the 2011 Susman Prize recipient, Professor John Rasko, and a gourmet breakfast buffet. The event is free of charge, but attendees are required to register.

Spots are limited, so register today on the Congress website (<http://www.racpcongress2012.com.au/registration/>) and help celebrate 21 years of supporting research excellence.

RACP Trainee Research Awards

Paediatric Award: Monday 7th May 2012 4pm - 5.30pm

**Adult Medicine Award: Tuesday 8th May 2012
9am - 12.30pm**

Representatives chosen from each State, Territory or Region present research to which they have made a significant contribution to the concept and execution. The two Trainees (one from each topic area: adult medicine or paediatric medicine) whose presentations are judged the most meritorious for both content and presentation will be awarded cash prizes valued at \$1,500. The work may have been published or presented to a Specialty Society, Faculty or Chapter Meeting.

The RACP Trainee Research Awards are open to all Trainees of the College, its Divisions, Faculties and Chapters.

All Fellows and Trainees are encouraged to attend these sessions to support our young researchers.

Is the Physician Scientist at risk of becoming a Dinosaur?

**Presented by the RACP Foundation at the invitation
of AFOEM**

Wednesday 9th May 2pm - 3.30pm

The President of the College, Professor John Kolbe, will introduce the session outlining the difficulties faced by young Physician Scientists and asking what role should the College take in promoting and supporting research.

This will be followed by a "Hypotheticals" led by Professor Richard Larkins asking questions such as "is it all too difficult" to an expert panel (to be announced).

Fellows and Trainees from all Divisions, Faculties and Chapters are invited to attend, so please register and join this fascinating conversation.

Application to Publication: The ABC of Research

**Presented by the RACP Foundation and the College
Trainees Committee**

Sunday 6th May 2012 10am - 12.30pm

The Clinician-Researcher

Professor Philip Bardin will talk about clinician-researcher phenotypes, the benefits both personally and professionally of doing research and the appropriate times to undertake research.

Understanding the research process

Dr Harriet Hiscock will discuss the practical elements of undertaking research including how to choose a supervisor and obtaining research support - including applying for funding

"At the coal face": experience of a young clinician-researcher

Dr Garun Hamilton will give a personal perspective on getting started as a researcher and where it has led.

Q and A with the panel to follow.

The RACP Foundation

As the philanthropic arm of the Royal Australasian College of Physicians, the RACP Foundation works to support our young talented physicians and trainees in the critical, early stages of their career in medical research and education.

In 2012, the RACP Foundation awarded 54 Scholarships and Fellowships totalling over 1.7 million dollars. Funding for these awards is comprised of donations from corporate and institutional donors, families, individuals and Fellows. The generous response by the Fellowship to the annual Opt Out donation has supported the establishment of the Fellows Contribution Research Entry Scholarships and Fellowship.

Encouraged by the impact the awards had on their research careers, often past recipients will initiate or contribute to the establishment of a new award. These acts of generosity and good will towards young Fellows and Trainees aspiring to establish a career in medical research ensures the vitality of the RACP Foundation, and solidifies the role of the College in supporting career development and the ongoing investment in the future of medical research.

Please contact the RACP Foundation to discuss how you can contribute or assist with our current funding initiatives.

About the RACP Foundation Awards

RACP Foundation awards are offered to provide short-term support in a number of areas generally not covered by other national research awards. Nominations for the RACP Neil Hamilton Fairley Medal and Eric Susman Prize recognise outstanding contributions to medicine. The majority of awards are designed for Fellows or Advanced Trainees at an early stage of their careers. However, several awards available are intended for more established researchers or Basic Trainees.

2012 Award Winners

How to Apply

Details on how to apply and award terms and conditions as well as application forms can be found on the RACP Foundation website: <http://www.racp.edu.au/page/foundation>. Applications must be submitted in a single PDF document to foundation@racp.edu.au by 5:00 pm AEST of the closing date.

For additional information, please contact the RACP Foundation's Executive Officer on 02 9256 9639 or foundation@racp.edu.au.
