Associate Professor Mark Lane
President
Royal Australian College of Physicians

Dear Associate Professor Lane,

I am writing to formally request that the Royal Australasian College of Physicians, as the relevant expert clinical body, urgently consider and advise on the clinical best practice for the treatment of gender dysphoria in children and adolescents.

It is important that we have a nationally consistent standard of care that is evidence based and with appropriate safeguards to protect the interests of the patient.

I look forward to receiving your advice in the coming months.

Thank you for your assistance.

Yours sincerely
