

PBS Authorities – Changes to the paediatric Crohn's disease program

We understand having access to PBS-subsidised medicines can be critical to patient care. That's why Services Australia and the Department of Health, Disability and Ageing are continuing to work together to increase the number of PBS medicines that can be requested and approved using the Online PBS Authorities system (the system). This will include adalimumab and infliximab for the treatment of paediatric Crohn's disease from 1 September 2025.

These changes will make it easier for you to request authority approval for these medicines from Services Australia. You will no longer need to submit written authority applications, details of the proposed prescriptions and test results for certain medicines and treatment phases. Instead, you will be able to use the system to apply for authority approval and provide evidence digitally.

When using the system, you will notice changes when responding to paediatric Crohn's disease eligibility questions. We recommend you document your patient's baseline values and previous treatment failures in their medical records. This will help if you need to provide previously supplied information to demonstrate patient eligibility for change, recommencement and continuing treatments.

Summary of changes from 1 September 2025

Medicine	Authority Level	Details of Changes
Patients under 18 years of age		
adalimumab; infliximab	Online / Written: Initial treatment   	<p>Authority applications can be made using the Online PBS Authorities system or in writing.</p> <p>When submitted online, the application may still require assessment by a Services Australia operator (process known as a Full (Delayed) Assessment).</p> <p>When assessed you will receive an outcome notification directly to your Health Professional Online Service (HPOS) mailbox.</p>
	Online / Written: Change/recommencement, first continuing, subsequent continuing (infliximab originator brand only) treatments  	<p>Authority applications can be made using the Online PBS Authorities system or in writing.</p>
	STREAMLINED: Subsequent continuing treatments	<p>After the first application for continuing treatment is approved, subsequent continuing applications for PBS-subsidised adalimumab and biosimilar brands of infliximab are Authority Required (STREAMLINED).</p>
 Request authority online – Immediate Assessment  Request authority online – Full (Delayed) Assessment  Upload form via HPOS or post		

Important Information

Release of information

The transfer of a patient's personal information, including baseline values and previous failures, must be arranged by health professionals and the patient.

Note: all paediatric Crohn's disease forms will be updated on the first of the month. If submitting in writing, using the most recent form will help avoid delays in obtaining authority approval.

Submitting PBS Written Applications through Health Professional Online Services (HPOS) form upload

When submitting PBS authority forms through HPOS form upload, it is important to remember that only yourself or your delegate/s are authorised to do this.

Make sure you've:

- linked your prescriber number to your Provider Digital Access (PRODA) account for HPOS; and
- Set up your delegations in HPOS.

Visit servicesaustralia.gov.au/HPOS for more information on how to Link your Health Identifiers to HPOS and Manage delegations.

Reminders

PBS Authorities – written authority application forms

To align with PBS listing changes, forms are updated on the first of the month. Using the most recent form will help avoid delays in obtaining authority approval.

Correct online authority number

When prescribing PBS medicines via the Online PBS Authorities system, ensure you have selected the correct medicine to match what is on the prescription. This will avoid delays with providing patients with the medication they require.

Ensuring you are providing accurate data

It's important to ensure you are providing accurate and up to date information when completing an authority application. Failure to do so may result in your authority request being rejected.
