

**PLEASE NOTE:**

- This document is updated regularly. For any questions about training settings/positions accredited for General and Acute Care Medicine Advanced Training, please contact Training Accreditation Services via [accreditation@racp.edu.au](mailto:accreditation@racp.edu.au).
- Training time/professional experience requirements for the General and Acute Care Medicine Advanced Training program are outlined in the training program [handbook](#). Trainees should refer to the handbook that corresponds to the year in which they entered the program, for guidance on their training requirements, including rules around what types of training must be undertaken in accredited positions, and training time certification limits on different types of training. For any questions about training time requirements, please contact Training Services via [GeneralMedicineAdvanced@racp.edu.au](mailto:GeneralMedicineAdvanced@racp.edu.au).

National Women's Health, Auckland City Hospital (SOMANZ)	AoNZ	Accredited	2	12	2030	<p>The site is accredited for 12 months General Medicine Related (PREP program) / Other core (new program) training for Obstetric Medicine. Any training time spend over six months will be approved for non-core training.</p> <p>12 months obstetric medicine training would be accredited towards SOMANZ's certification.</p>

Trainees applying for overseas training must submit evidence related to supervision and training to ensure the placement is relevant to gain competencies required by the curriculum. Core training will only be certified in places where the training experience is similar to that of Australia or New Zealand.

Application for overseas training must be submitted at least six months in advance. To support the application the following information is required to be submitted:

- Two supervisors – one local (onsite) and one with FRACP
- Position description and roster
- Evidence that the site is accredited for training for overseas.
- Detailed information on the training experience, application program and relevance of training.
