

Accredited Settings for Advanced Training **General Paediatrics**

Updated June 2025

Core Training in General Paediatrics can only be undertaken in an accredited training setting.

Applicants are advised that the position applied for must meet training requirements for Core Training to be approved.

This list is to be consulted in conjunction with the [Program Requirements Handbook](#). The Handbook outlines the requirements for Core Training.

Please note that the Module of Training 'General Paediatrics – With/without a perinatal component' refers to 'General Paediatrics/Clinical Specialty' for trainees who commenced the training program prior to 2017.
