

Core Training in Haematology can only be undertaken in an accredited training setting.

Applicants are advised that the position applied for must be appropriate within these settings for Core Training to be approved.

The CJCT/RACP only accredits core clinical training at each site. Laboratory training is accredited by the RCPA and the RCPA must be contacted directly for any laboratory accreditation queries.

Where a training site is accredited for both Paediatric training and Adult Medicine training the site must not exceed one trainee on-site at any one time. Training sites must not exceed the maximum number of trainees on-site.

#Laboratory is associated with an adult laboratory.

* The RCPA Laboratory Site Accreditation List should be consulted for the accreditation status of core laboratory training positions.

** Indicates that the CJCT does not have records of a maximum number of trainees, approval and approval/certification of training will be made on basis of workload specified at time of application.

For further details, please contact the Education Officer to the CJCT in Haematology, by email Haematology@racp.edu.au.
