= Laboratory is accredited for Adult Medicine

Trainees in the Joint RACP & RCPA Infectious Diseases & Microbiology Training Program need to consult the RCPA List of Sites Accredited for core Microbiology training.

Overseas Training Sites

Trainees applying for overseas training must submit evidence related to supervision and training to ensure the placement is relevant to gain competencies required by the curriculum. Core training will only be certified in places where the training experience is similar to that of Australia or New Zealand.

Applications for overseas training must be submitted at least six months in advance. To support the application the following information must be submitted:

- Two supervisors – one local (onsite) and one with FRACP
- Position description and roster
- Evidence that the site is accredited for training
- Detailed information on the training experience, education program and relevance of training.

For further details, please contact the Education Officer to the ATC in Infectious Diseases via infectiousdieases@racp.edu.au
