

Accredited Sites for Advanced Training

Palliative Medicine

Updated October 2025

From 1 February 2024, we're renaming the Clinical Diploma in Palliative Medicine to Clinical Foundation in Palliative Medicine. Program content will remain unchanged.

The term Diploma is a protected higher education award, regulated by the Tertiary Education Quality and Standards Agency (TEQSA). The name change is required to ensure the RACP is compliant with the TEQSA Act 2011.

IMPORTANT NOTE:

Maximum training terms conducted per site

Training Terms 1 (Inpatient/Hospice), 2 (Community) and 3 (Teaching Hospital/Consultation) should be **completed at two or more sites** (with different supervisors and different work setting).

Part-time trainees can complete 12 months full time equivalent training (FTE) in a combination of Terms 1, 2 and 3 at one site, and the remaining 6 months FTE must be completed at a different site.

Non-core Palliative Medicine Variable or Relevant Specialty training term

Non-core training terms can be undertaken in any position that is accredited for Training Term 1, 2 or 3. Trainees undertaking non-core training are not counted in the maximum number of trainees at the site.

For further details please contact the Education Officer for Palliative Medicine by phone (02) 9256 5444 or email PalliativeMedTraining@racp.edu.au.
