### **Overseas Training Sites**

Overseas training sites must be prospectively approved by the Advanced Training Committee (ATC) in Rheumatology to provide core training, in line with the accreditation process outlined in the [Criteria for the Accreditation of Rheumatology Core Training Settings](#).

Trainees undertaking training at overseas sites are recommended to nominate one Australian based supervisor with FRACP.

### **Contact Detail**

If you have any further questions regarding accreditation of training sites, please contact the Education Officer to the ATC in Rheumatology at [rheumatology@racp.edu.au](mailto:rheumatology@racp.edu.au).
