Pursuing Training Excellence

Introduction

The Royal Australasian College of Physicians (RACP) is recognised by the Australian Medical Council and the Medical Council of New Zealand as an education provider, and as such is responsible for developing and maintaining standards for physician workplace training in Australia and Aotearoa New Zealand.

The RACP Training Provider Accreditation Program determines and monitors standards for physician workplace training to attain a universally high standard of physician training. Through accreditation, Training Providers and programs are assessed by accreditors using the Training Provider Standards and Basic Training Accreditation Requirements.

About this document

This document contains the summary of findings made by the Accreditation Subcommittee, as recommended by the Accreditation Review Panel, following the accreditation review of a Training Setting and its Basic Training Programs.

It is divided into three sections¹, and each section covers the accreditation decisions, demographics, commendations, recommendations, and conditions, respectively:

- Section 1: Training Setting Accreditation
- Section 2: Adult Internal Medicine Basic Training Program Accreditation
- Section 3: Paediatrics & Child Health Basic Training Program Accreditation

For Network Accreditation, please refer to the separate Executive Summary – Network.

Who completes this document?

All sections are to be completed by the Training Accreditation Services within the RACP College on behalf of the Accreditation Subcommittee. The External Validation Report will guide the completion of this document.

¹ If your Setting only has 1 Basic Training program – the summary will only show the program that exists.
