Overseas Training Sites

Overseas training sites must be prospectively approved by the Advanced Training Committee (ATC) in Rheumatology to provide core training, in line with the accreditation process outlined in the [Criteria for the Accreditation of Rheumatology Core Training Settings](#).

Trainees undertaking training at overseas sites are recommended to nominate one Australian based supervisor with FRACP.

Contact Detail

If you have any further questions regarding accreditation of training sites, please contact the Education Officer to the ATC in Rheumatology at rheumatology@racp.edu.au.
