Input validated by supervisor :

(Supervisor to initial once they have checked electronic record against this paper record)

Unsatisfactory - gaps in knowledge or skills that you would not expect at this level of training. Some concerns about professionalism or patient safety.

Satisfactory - what you would expect for a trainee at this stage of their training year. Generally clinically competent and with satisfactory communication skills and professionalism.

Superior - performing well above their current stage of training. No concerns about their clinical method, professionalism, organisation, communication etc.

For specific guidelines on how to rate performance in each domain, please refer to the DB-CEX Assessment Guide.
